Dear Board Members:

I am writing to request that I be placed on Emeritus status. I am retired from the environmental health profession and have been credentialed since _____ including the five (5) years immediately preceding my departure as required for Emeritus status in Article VII Section 5.D.1 of the By-Laws of the Georgia Environmental Health Association. I would like to maintain my credential in a non-working/non-consulting status without payment of fees or submission of continuing education hours, as provided for in that section. I understand that, should I wish to resume active use of the credential, I will need to submit proof of continuing education credit and pay the then current fees in order to resume active use of the credential.

Thank you for your time and consideration of this request.

Sincerely,
